

DIGITALEUROPE welcomes the European Commission's report on the first annual review of Privacy Shield conclusions

Brussels, 19 October 2017

DIGITALEUROPE welcomes the European Commission's report on the first annual review of Privacy Shield conclusions. The report is a positive message for the international data transfers. It acknowledges that the US has put in place the necessary structures and procedures for the correct functioning of the Privacy Shield. We are grateful to the US government and to the European Commission for their continuing efforts in improving the legal certainty on the privacy in personal data transfers. DIGITALEUROPE encourages the continuation of a constructive cooperation between the EU and US in the field of data flows.
